TRAFFIC GRAFFITI UTILITY BOX PROJECT

*HIGH SCHOOL SCHOLARS
ENCOURAGED TO APPLY!*

Since 2014, Utility boxes throughout Federal Way have been wrapped with vinyl by numerous artists. Former Federal Way Arts Commission board chair Gary Gillespie launched the Utility Box Art Pilot Program in 2014 with a vision of making the city more fun and vibrant, and now the city has over 35 boxes wrapped with various themes.

In 2019, we partnered with Federal Way Public Schools in an effort to showcase scholars and their art. Samantha Mendoza-Rojas from Decatur High School was selected for her "Starry Night" art. Her box can be seen on the corner of 320th and 11th Place South.

The Federal Way Arts Commission is now accepting submissions from adult artists and high school scholars for innovative designs and family-oriented illustrations with bold shapes and bright, fun colors to decorate the our next utility box.

We are offering a \$800 award for images used for the project!

Applicants are invited to submit up to three conceptual renderings for consideration. They may be a sketch or a completed illustration done with any media.

The selection committee will evaluate then choose from the artwork submitted. Selected artists will be contacted to discuss the next step in getting art on the boxes. Final artwork will be digitized, transferred to vinyl, and installed on the utility box. Your artwork could be seen and enjoyed 24 hours a day for years as people drive by.

HOW TO APPLY:

Submit an image that will wrap the entire box (.png, .jpg, .pdf formats okay) and this application to cassie.swan@FederalWayWA.gov

SELECTION COMMITTEE

Federal Way Art Commission selection committee will select winning entries based on the following criteria:

1. Overall strength and visual appeal of design concept.
2. Relevance to project theme.
3. Artistic excellence and innovation.
4. Appropriateness for designated location, size, and shape. The illustration must fit the size and proportions of each box.
5. We encourage artists to submit their artwork even if specific sizing guidelines aren't provided initially. In the absence of sizing instructions, *it's important to create designs that can be effortlessly resized or enlarged later, ensuring they align closely with the designated box.*
