RE: 36224: Pacific Highway S at S 373rd Street Roundabout with Median Control
PROJECT & SURVEY NOTIFICATION

Dear Property Owner/ Neighbor:

The City of Federal Way is beginning the design of the Pacific Highway S at S 373rd Street Roundabout with Median Control project. This project will install a median barrier from Gethsemane Cemetery to the WSDOT Weigh Station, and install a two-lane roundabout at the intersection of Pacific Highway S at S 373rd Street.

The City has received a \$2.5 Million dollar grant from the Transportation Improvement Board for the design and construction of this project.

The City has hired a survey firm to complete the topographic survey of the project limits which will happen in December 2021 and January 2022. The planned schedule is to have the design complete in Fall 2023. Construction is anticipated to occur in late 2023 and to be complete by Fall 2024.

If you are the owner or manager of a property leased to others (for example, a business complex or apartments), please share the news of this upcoming project with your lessees.

Thank you in advance for your cooperation.

Sincerely,

John Cole
Capital Engineer
