

# Consolidated Annual Performance and Evaluation Report (CAPER)

PROGRAM YEAR 2022

THIRD PROGRAM YEAR OF THE 2020-2024 CONSOLIDATED PLAN

For more information on the CAPER, contact: Si necesita esta información en español, llame al:

Sarah Bridgeford Community Services Manager (253) 835-2650 Sarah.Bridgeford@cityoffederalway.com Phon Sivongxay CDBG/Human Services Coordinator (253) 835-2651 Phon.Sivongxay@cityoffederalway.com

City of Federal Way Community Development Department Community Services Division 33325 8<sup>th</sup> Avenue South Federal Way, Washington 98003 <u>www.cityoffederalway.com</u>

## **CR-05 - Goals and Outcomes**

### Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The purpose of the Consolidated Annual Performance and Evaluation Report (CAPER) is to inform the U.S. Department of Housing and Urban Development (HUD) and the community of the activities and accomplishments resulting from the investment of Community Development Block Grant (CDBG) and other resources for the period of January 1, 2022 to December 31, 2022. \$556,000 in general funds were used in conjunction with CDBG to provide a wide range of human services. The City successfully executed the activities outlined in the CAPER.

The City accomplished many of its goals in the 2022 program year with CDBG funded activities providing public services and economic development activities to Federal Way residents. Services included life skills training for persons with disabilities, four employment and training programs, transitional housing case management, and homelessness prevention. The City deployed COVID-19 response funds to continue assistance to 36 businesses, provide financial counseling to 7 new residents and ongoing services to 20 additional people, and rent assistance to keep 41 households housed.

Some projects didn't meet performance targets, but still provided critical services to achieve the goals set in the Consolidated Plan and Annual Action Plan. Despite the efforts to reopen with precautions, COVID-19 variants and the staffing difficulty agencies faced impacted programs. Highline's StartZone, serving residents in the former Neighborhood Revitalization Strategy Area in North Federal Way, and its citywide Economic Development Program, served low- and moderate-income microenterprise businesses and startups. Housing repair completed four projects with more in process from application through construction in 2023. Delays were experienced primarily due to low response to bids resulting in multiple Request for Bids processes for most projects. The City is exploring solutions to the issues with Housing Repair for 2023 and future years.

The Performing Arts and Event Center, supported with the Section 108 loan, has returned to pre-COVID-19 employment levels with five full-time staff and 36 part-time staff.

The City began its Broadband Taskforce to better understand needs in the community, CDBG program staff participated on the taskforce. The report is to be issued in the first or second quarter of 2023 and may guide actions to be taken related to the CDBG program. The City is also continuing its work to add a chapter to its comprehensive plan on climate resiliency. Similar to broadband, CDBG staff are participating to inform

strategies to address needs of low- to moderate income households and inform use of future CDBG funds in addressing climate resiliency.

# Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

| Goal  | Category                                | Source /<br>Amount                   | Indicator  | Unit of<br>Measure           | Expected<br>–<br>Strategic<br>Plan | Actual –<br>Strategic<br>Plan | Percent<br>Complete | Expected<br>–<br>Program<br>Year | Actual –<br>Program<br>Year | Percent<br>Complete |

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

# Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City identified economic development, affordable housing, and homelessness as three highest priority goals, along with creating suitable living environments which generally include a wide array of public services. During the COVID-19 pandemic, economic development and housing

stability presented the largest challenges.

The investment in housing repair continues as an important tool to retain affordable homeownership, keeping people in their homes, and helping homeowners retain the asset and through planning processes in 2022, the City has included the addition of a minor home repair in 2023.

Homelessness continues to be a priority for the City with the intent of considering capital projects in the 2020-2024 Consolidated Plan period. In 2021, the City ran a competitive application process that awarded a combined \$305,000 to programs providing transitional housing for individuals experiencing homelessness and technical assistance to 50 microenterprise business owners. The microenterprise assistance was successfully implemented in 2022. The acquisition of a transitional housing unit was delayed due to the delay in CDBG funds and will complete in the first quarter of 2023. COVID-19 has created a situation where housing instability has increased with households being unable to pay full rent and accruing debt throughout the pandemic. The City continued to prioritize rent assistance projects in 2022 to stabilize households facing eviction due to the pandemic.

## CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

|   | CDBG |
|---|------|
| White                                     | 141  |
| Black or African American                 | 89   |
| Asian                                     | 23   |
| American Indian or American Native        | 17   |
| Native Hawaiian or Other Pacific Islander | 8    |
| Total                                     | 278  |
| Hispanic                                  | 22   |
| Not Hispanic                              | 308  |

Table 2 – Table of assistance to racial and ethnic populations by source of funds

### Narrative

During the program year, CDBG funds assisted 330 persons. The racial categories listed above do not include all of the racial categories that are tracked by subrecipients in compliance with the racial categories that HUD requires programs to track. For example, programs track Other/Multi-racial, Black/African American AND White, etc.

## CR-15 - Resources and Investments 91.520(a)

| Source of Funds | Source           | Resources Made<br>Available | Amount Expended<br>During Program Year |
|-----------------|------------------|-----------------------------|--|
| CDBG            | public - federal | 774,863                     | 485,067                                |
| General Fund    | public - local   | 556,000                     | 556,000                                |

### Identify the resources made available

Table 3 - Resources Made Available

### Narrative

The resources made available included prior year entitlement funds, current year entitlement funds, COVID-19 response funds (CDBG-CV), and program income. The City received the following program income during the program year:

- Entitlement funds: \$357,861 in 2022
- CDBG-CV funds: \$89,210 were expended in 2022
- Program income: \$37,996

### Identify the geographic distribution and location of investments

| Target Area       | Planned Percentage of<br>Allocation | Actual Percentage of<br>Allocation | Narrative Description |
|-------------------|-------------------------------------|------------------------------------|-----------------------|
| North Federal Way | 0                                   | 0                                  |                       |

Table 4 – Identify the geographic distribution and location of investments

### Narrative

The City's CDBG funding during the 2022 Program Year was used Citywide, though a 2021 project for microenterprise assistance continued into 2022 to complete within the first quarter. While there were no applications specifically for the North Federal Way area, priority was given for broader recovery from COVID-19.

### Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City's general fund grants in the amount of \$556,000 matched CDBG funded projects.

There is no publicly owned land or property located within the jurisdiction that was used to address the needs identified in the plan.

## CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

|  | One-Year Goal | Actual |
|--|---------------|--------|
| Number of Homeless households to be      |               |        |
| provided affordable housing units        | 0             | 0      |
| Number of Non-Homeless households to be  |               |        |
| provided affordable housing units        | 0             | 0      |
| Number of Special-Needs households to be |               |        |
| provided affordable housing units        | 0             | 0      |
| Total                                    | 0             | 0      |

Table 5 – Number of Households

|  | One-Year Goal | Actual |
|--|---------------|--------|
| Number of households supported through |               |        |
| Rental Assistance                      | 40            | 41     |
| Number of households supported through |               |        |
| The Production of New Units            | 0             | 0      |
| Number of households supported through |               |        |
| Rehab of Existing Units                | 12            | 4      |
| Number of households supported through |               |        |
| Acquisition of Existing Units          | 0             | 0      |
| Total                                  | 52            | 45     |

Table 6 – Number of Households Supported

# Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City has not met housing repair targets for the Consolidated Plan to date. COVID-19 impacted the program both in homeowners accessing the program and contractors being available to complete work. Four homeowners had repairs completed with four in progress that will complete in 2023. The City anticipates meeting the goals set in the 2020-2024 Consolidated Plan.

### Discuss how these outcomes will impact future annual action plans.

There will be no impact on future annual action plans as the projects are anticipated to complete.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

| Number of Households Served | CDBG Actual | HOME Actual |
|-----------------------------|-------------|-------------|
| Extremely Low-income        | 34          | 0           |
| Low-income                  | 8           | 0           |
| Moderate-income             | 3           | 0           |
| Total                       | 45          | 0           |

Table 7 – Number of Households Served

### Narrative Information

100% of funds are used to support low- and moderate-income households.

# CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

# Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City partnered with Catholic Community Services to utilize CDBG-CV funds to adjust services to prevent and respond to COVID-19. These services included expanded Day Center hours to address lower capacity requirements due to social distancing and the closures of businesses and nonprofits that people experiencing homelessness frequent. It is one of the services that assesses individuals needs and assists in moving people to shelter and housing.

The City invested \$39,000 in outreach to persons experiencing homelessness through the City's Human Services General Fund (HSGF) supported projects. These projects included street outreach by mental health professionals and a community day center. In addition, the City partners with currently unfunded outreach teams from two additional agencies to work with individuals to connect them to services. The City funds and supports Crisis Connection's 2-1-1, which provides critical information and referral services, many of which are related to homelessness. While many residents call 2-1-1 directly, City staff also provide information on resources by telephone and in person when individuals request services. Staff talk with residents to assess their needs and make appropriate referrals to local nonprofits.

## Addressing the emergency shelter and transitional housing needs of homeless persons

Case management at a family transitional housing program is funded by CDBG with an additional \$91,000 in general funds towards shelter and transitional housing. City general funds provided support for service delivery at two local shelters, one for families and one for individuals, and one regional shelter for domestic violence survivors. Unfortunately, the individual shelter was to move to a permanent location and experienced unexpected delays. No shelter for individuals is currently located in the City.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City invested Human Services General Fund (HSGF) grants in four programs dedicated to providing financial assistance to help stabilize individuals and families and prevent them from becoming homeless.

With \$71,000, the four programs served 345 households with 1,009 individuals. Additionally, \$249,576 of CDBG-CV Public Services funding was used by the Multi-Service Center and Catholic Community Services to stabilize households comprised of 354 individuals with rental assistance.

While not as direct as rental and utility assistance, many programs funded by HSGF provide other types of services that can offset costs and increase stability for residents. These programs include childcare, afterschool programs, employment and education programs for youth and adults, counseling, legal assistance, food assistance, and many others. These services provide a critical safety net addressing the many and unique needs experienced across the community.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

All of the aforementioned shelter services, day center services, transitional housing, and outreach services work closely with persons experiencing homelessness with the goal of helping individuals transition to permanent housing. The street outreach programs, day center services, and single adult shelters encounter many chronically homeless persons and strive to build relationships and trust with the individuals to facilitate service access. Services include, but are not limited to, case management, goal setting, moving to permanent housing, access to services such as counseling, substance abuse treatment, and referrals to address many other needs. The City funds a variety of services designed to work with different types of households experiencing homelessness including young mothers, individuals, and families.

While rent assistance providers do not report on the number of households assisted that were previously homeless, their services are critical in preventing homelessness and likely reach at least some people who previously experienced homelessness.

## CR-30 - Public Housing 91.220(h); 91.320(j)

### Actions taken to address the needs of public housing

The City is within the jurisdiction of the King County Housing Authority (KCHA). KCHA owns three public housing developments, one subsidized housing property, and two moderate-income apartment complexes, one of which was newly acquired in 2019.

The City worked collaboratively to address the needs of public housing by advocating for and investing in affordable housing stock, providing supportive services to prevent homelessness (reducing the number of people who need to seek other housing options such as public housing), and staffing a number of committees that directed funds to organizations managing affordable housing stock.

# Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

King County Housing Authority (KCHA) actively works to increase resident involvement through a number of mechanisms to collect feedback and develop opportunities for residents. As a highly functioning entity that is separate from cities, KCHA does require or need city involvement to increase resident engagement. The City is not in a position to directly impact resident engagement, but does seek partnership with KCHA to seek resident involvement on City projects.

### Actions taken to provide assistance to troubled PHAs

King County Housing Authority (KCHA) is a high performing public housing authority (PHA) and not considered a troubled PHA.

# CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

In October 2021, the City Council approved the Housing Action Plan (HAP) for Federal Way. This plan provides a strategic road map for actions the city can take to encourage housing production, greater housing diversity, and expand housing choices for residents of all income levels. The HAP includes an assessment of housing needs, community and stakeholder engagement, and housing policy and code review used to inform objectives and implementing strategies to address housing needs. The City began the Housing Action Plan Implementation process in 2022 and will incorporate plans into the Comprehesive Plan update to be adopted in 2024.

## Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

City staff have worked to support smaller, community based organizations with additional focus on organizations led by people of color. Additionally, staff has engaged in the Governing for Racial Equity and Inclusion (GREI) and the quarterly regional consultation with refugee resettlement agencies. The focus of the groups ranges from direct services to policy level work and education.

During the Program Year, the City utilized CDBG to fund two public services programs that meet the needs of underserved communities:

- Inclusion Program received \$30,000 to provide 120 persons with disabilities scholarships to take multiple life skills classes that prepare them to live independently;
- Employment Services Program offered by Orion received \$11,000 to assist three persons with disabilities with job readiness and placement assistance, of whom two were placed in jobs by the end of the year.

The City Council hired a fulltime Diversity, Equity, and Inclusion Analyst to serve as a subject matter expert on Title VI/VIII, diversity, equity and inclusion, and community outreach. The Analyst worked cross-functionally to perform highly responsible, complex, professional, administrative, and technical work and began the work by connecting with community groups, elected officials, and commissions and/or committees on DEI-related efforts. Additionally, this staff person researched training opportunities for subrecipients of the City's CDBG program and began development of tools for fair housing.

### Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

All housing rehabilitation projects complied with the lead-based paint requirements. As appropriate,

City staff provided information concerning lead hazards to our project beneficiaries. We require subrecipients working on housing related capital projects comply with lead-based paint requirements and provide information to all tenants and homeowners impacted by their projects.

### Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

As part of the City's COVID-19 response planning, a multi-year financial counseling program was funded. The program focuses on the financial stability and growth of low- to moderate-income households by providing services assisting in improved credit, reduction in debt, and asset building. Additionally, the program staff will refer households to other services that may including employment and education intended to help households increase income. The City also provided \$44,000 in CDBG funds for four public services programs that provide employment assistance and educational programs, an increase in both funding and funded programs from the prior Program Year. The programs all met performance targets providing increased opportunity to residents to improve income via training and employment services.

Highline College's two programs collectively received \$90,000 in CDBG funds to assist clients with technical assistance to support existing businesses and startups. Highline's programs included a citywide program. The program provides services designed to increase business stability and growth and the tools provided will hopefully support economic recovery and future growth of microenterprises.

## Actions taken to develop institutional structure. 91.220(k); 91.320(j)

While the City continues to develop internal infrastructure and ways to support the local community based organization infrastructure, the regional efforts are instrumental in addressing two of the largest needs in the community, which are housing and homelessness. The City participated in the South King Housing and Homelessness Partners (SKHHP), the Affordable Housing Committee through staff membership on the Housing Interjuridictional Team, and sub-regional conversations to address homelessness by addressing gaps in services in South King County. The development of the Regional Homelessness Authority will also impact regional and local structures and the City will look for ways to work within that structure while continuing to address local needs.

# Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City is an active participant in the South County Human Services Planners (SKCHS) group. SKCHS is comprised of local planners, social service agencies, human services organizations, and public housing authority staff. The purpose of the group is to coordinate efforts to ensure relevant and culturally appropriate human services are made available to those most in need within the region. The City staff will continue involvement with the SKCHS to improve the coordination between public and private housing and social service agencies.

The City coordinates housing services through its investment, communication, and networking with funded and non-funded organizations. City staff sit on a number of committees to address affordable housing and coordinate, promote, and develop services for people experiencing homelessness. These efforts include the staff workgroup for the Affordable Housing Committee and the South King Housing and Homelessness Partners.

# Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City engaged a third-party consultant in the development of a Housing Action Plan (HAP) and the subsequent Housing Action Plan Implementation, which is currently underway. This includes a needs assessment, zoning and code review, and housing strategies. The work concluded on the plan concluded in 2021 and will inform the Comprehensive Plan update including the housing element. While the focus of the HAP is broader than the scope of the AI or the City's CDBG program, many of the AI goals are addressed throughout the development of the HAP. Community Services staff have participated in the project with the Planning Division as lead. The HAP process has included discussions on housing stability, community engagement, affordable housing preservation and development, and a zoning and code review to increase housing supply. The adopted HAP's housing objectives are listed below:

- Promote new market-rate and affordable housing construction that expands housing choices and is inclusive to community needs.
- Encourage homeownership opportunities and support equitable housing outcomes.
- Plan for forecasted growth and ensure the built environment promotes community development and increases the quality of life for Federal Way's existing and future residents.
- Preserve existing affordable housing stock to reduce displacement pressure.

The HAP's adopted strategies that overlap the AI goals are listed below:

- Ensure that financial and regulatory incentives for mixed-income housing are effective.
- Review school impact fees on multifamily housing.
- Coordinate affordable housing development and preservation with nonprofit developers, community groups, and the South King Housing and Homelessness Partners (SKHHP).
- Protect tenants and support pathways to homeownership.

Additionally, the addition of the full-time Diversity, Equity, and Inclusion Analyst will offer dedicated time to Title VIII and housing including more direct implementation of adopted strategies in the Analysis of Impediments.

## CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

During the Program Year, CDBG Public Services programs and capital and economic development programs received virtual montioring due to the continued impact of COVID-19. There were no concerns identified in material review.

Ongoing monitoring of all CDBG projects and activities was conducted on a frequent basis throughout the Program Year. The Public Services activities were monitored in terms of outcomes, goals, and supporting documentation. Reports were reviewed to ensure that contract targets were being met, demographic information was being collected, and expenditures were reviewed. The adaptation of a virtual monitoring allowed the opportunity for agencies to strengthen their security measures, specifically in the collection of client files. The remote monitoring of invoices submitted for payment and quarterly reports did not reveal any instances of non-compliance. The City monitored every project that was part of the City implemented Housing Repair Program. Every project file was thoroughly examined. Individual project sites were visited at the scope development phase and during various phases of construction.

As part of ongoing monitoring activities, the City has developed a technical assistance plan for existing subrecipients and new subrecipients for the 2022 Program Year. Technical assistance will be designed to ensure ongoing compliance and review of CDBG requirements. As mentioned in 2021, one project did not maintain required records, but has the knowledge, experience, and dedication to effectively implement a federally funded project and be in compliance with regulations. Staff continued to work with them and collect supporting documentation to ensure compliance and that residents have access to needed service; however, the project was a pilot and did not fully implement in 2022.

## Citizen Participation Plan 91.105(d); 91.115(d)

# Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The CAPER's Notice of Public Comment Period was advertised in the City's Newspaper of Record. Citizen comments and suggestions are being encouraged regarding development of the Program Year CAPER

during the public comment period that began February 22, 2022 and ends March 21, 2022. Citizen comments are encouraged for submission via telephone, letters, email, and mail.

Notice of the draft CAPER was emailed to many agencies and community partners. A public hearing regarding the CAPER will be held at the February 27, 2022 Human Services Commission. The CAPER was posted on the City's website at www.cityoffederalway.com during the public comment period. Hard copies of the CAPER will be made available upon request.

Comments will be added should any be received.

## CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

While there are a number of projects in process or delayed, there is no need to adjust program objectives or plans.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

## CR-45 - CDBG 91.520(c)

## Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

While there are a number of projects in process or delayed, there is no need to adjust program objectives or plans.

# Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

# CR-58 – Section 3

## Identify the number of individuals assisted and the types of assistance provided
