Hello,

For parcel 042104-9012 as far back as 1983 the property was in Designated Forest Land and was removed from the program in about May of 2019 per tax payer request. The back taxes of \$42,721.49 were paid on 5/23/2019.

Parcel 042104-9221, as far as I can tell, has never been in any program and has always been valued at market value.

Available Monday through Thursday from 6:30am to 3:30pm

Setting values, serving the community, and pursuing excellence*

Debra Clark
